2.1	Changes – User Commands.....	2
2.1.1	New User Commands .....	2

# 1 About This Document

This document describes the changes and new features in user commands version 2.6 (released with the first release of Dyalog version 19.0) compared with user commands version 2.5 (released with the first release of Dyalog version 18.2).

## 1.1 Compatibility with Dyalog Versions

The user command framework version 2.6 is compatible with Dyalog versions 18.2 and 19.0 only.

## 2 Functional Changes

This chapter details the changes made to pre-defined user commands for version 2.6 of the user command framework.

For information on specific user commands, enter `] <cmd> -?` in a Session; this returns brief information (including appropriate syntax) for the specified user command.

### 2.1 Changes – User Commands

#### 2.1.1 New User Commands

Some new user commands have been added. These are detailed in Table 1.

**Table 1. New User Commands**

Group	User Command	Description
TOOLS	ErrorInfo	Report information about a given (or the most recent) error. NOTE: Running a new user command or generating an additional error resets any previous error information.
